Choose Your Spanish Name — Español 1 • Sr. Williamson • [nchspanish.com](http://nchspanish.com)

**How to use this sheet:** Pick any name you like! You can choose the Spanish version of your own name, a name that starts with the same letter, or something totally new. This will be your name in Spanish class all year.

**Pronunciation key:** CAPITAL letters show the stressed (loudest) syllable. The Spanish “j” and soft “g” sound like an English “h” (José = hoh-SEH). “ll” and “y” sound like the “y” in “yes.” A “—” means the name has no common English equivalent — that makes it extra unique!
